

Meeting of the Flyn' Wolverines

April 7, 2008, at the Macomb County Library
Recorded by the secretary, Dave Bacon

President Jerry LeLacheur called the meeting to order at 7:15 pm, and there were 10 members present.

Glen read the financial report, and showed a final balance of \$2389.74 and our committed expenses for the year are \$1575, so we have everything covered for the year.

Glen identified that we have 26 paid members, and can expect a few more.

The secretary, (myself) read the meeting minutes from last month, and announced we have our own web page now, www.flynwolverines.com, so a "Google" search for "Flyn Wolverines" will find our page. Searches for similar words will also produce our page, but there might be a few others in there too.

Additionally, any member can now request an email address by contacting Dave (me) at dbacon@flynwolverines.com and tell me what you want for your name and your password. It may take a short while to set it up, but you will be able to access it with any email program (Outlook, Express, Vista, Apple, Evolution, Mozilla, etc) and on-line directly as "web mail" I will send you a link to set-up instructions at:

Old Business

Cub's fence material: Dave Lockhart says he would have picked it up, but it was frozen to the ground, he will check again later

New Business

Brush clearing is needed again; Jerry says we need to get chainsaws out to clear the branches that grow into the access road. This year we need to be more careful how we care for the chainsaws, as two were damaged last year as we drove over them!

Pete reports there is water in the field and you will get stuck if you proceed any farther than the end of the gravel in our road.

Glen asked if we need tables, as he made the tables we put up last year. They are heavy tables good for starting engines on, which we were short of at our events last year. Dave volunteered to transport them in his van with the seats out, as he lives just a

few miles south of Glen's Lake Arrowhead resort home. The general consensus was that we need at least two more tables.

Jerry has been trying to reach Pete Clancy by 'phone, does anybody know how to reach him? His last visit was to the field last year and many members miss him.

The 50-50 was won by Jerry, for \$34, but Jerry gave back \$20 to the club.

Show-And-Tell

This month's feature was brought in by Pete Carchio, a Jenny ARF by Maxford USA. It was beautiful, just the kind of work Pete does, BUT it was an ARF!

The members wanted to know about the details, rigging, especially, and Pete said it came with all the rigging. Pete did replace

some of it to meet his own standards, but it was surprising it came rigged at all!

He powered it with a Saito Golden Knight 30, a very good-looking power plant.

The meeting was adjourned at 8:00 PM
