

### **Wolverines meeting 11/3/2008**

The meeting was called to order at the Mt. Clemens Library by President Jerry LeLacheur at 7:00 PM. There were 10 members present, and three airplanes.

#### **Old Business:**

Glen went over the financials showing almost \$600 in the bank, and our expenses for 2008 are all paid. Glen gave the details of recent expenses, such as \$170 went into the gang mower, and the Fun Fly costs \$228.

#### **New Business:**

We need to elect officers at this time, but there was little to no response to this, other than "We like the ones we have", stated by a member who has been an officer more than anyone can remember. Dave Bacon said he doesn't mind being secretary, and since he takes care of the web page it is only natural that he continues, but he stated that Jerry LeLacheur has had 8 years in a row being officer, and deserves a break. Bob Branch stated that being VP wasn't bad, and he would continue, but doesn't want to be moved up into the President's job. Glen didn't complain, but he has been the treasurer for a long time also, and deserves a break.

Jerry asked for ideas on how we could come up with nominees, but again, no response, so if anyone reading this news letter has ideas on how to spread the duties around, rather than keeping the same ones in office, please offer your ideas.

Jerry opened the discussion on what we could do this coming year that would be interesting, and a few suggestions came up such as:

A cook-out on certain nights, as some clubs do, and we used to.

A Grand-kid's day where we bring ours out to see the fun, and we contain them for safety.

A School kid's day, where we invite local schools to come see our activity. Dave volunteered to contact a few nearby schools, and also our neighbors, the Beaties, who both teach school. After some discussion it was decided that this would be difficult at the end of the school year, as our roads can't support much activity in the Spring, but we could arrange it for the start of next year, in the Fall.

Jerry mentioned he has been flying from his pontoon boat in the shallow Muscamoot Bay, and few boats can get in there so he has the place to himself. He mentioned that others could join him, just call first. He can take a few out on the boat at a time, so let's thank him for this great offer.

#### **50/50**

Won by Harry, and it was a small pot. The Secretary was distracted, but it looked like he donated most or all, back to the club.

#### **Show and Tell:**

Dave Bacon showed his electric foamies, a Yak 29 and a Capricorn, promised build info to anyone. He pointed out the parts are extremely cheap, and offered his sources. You can email him for details.
