

Wolverines meeting 8/9/2014

This meeting was called to order by Jerry LeLacheur, at 11:00.
There were 7 members present.

Treasurer's Report:

Glen reported that the funds at the end of July were \$1559.86 And we had one new member join since then.
Take away expenses and the remaining is \$1427.32, this gives a working capital of \$797.32 over the year's projected expenses.

Secretary's Report:

Dave read the minutes from June, and all reports were approved by the membership.

General Discussion:

Old Business:

Maintenance:

Details of the use of the mowers were discussed:

1. The small mower needs new blades, so it should be used for just the parking area, not the field.
2. Set the small mower no lower than "3" because the blades are not the correct ones, and they will bind and destroy the belt.
3. Raise the deck to "5" if mowing over the gravel on the road, as the rocks will ruin the blades.
4. Run the mowers at full bore otherwise they overheat.
5. The two mowers in the shed are for the field only do not go over the gravel, to preserve the condition of the blades.

Dave B. volunteered to get new blades for the small mower, and have them sent to Dave W.

Details of the mowing schedule:

Dave W. and Keith H. will switch their position on the mowing schedule.

Overgrown road:

Glen says we can rent the power hedger needed, and that we should get 4 people to assist cutting and cleanup of the brush, which just gets thrown in the woods. We need to arrange this, Jerry will send out a notice by email on what days we can do this.

New Business:

No new business was discussed at this meeting, other than the maintenance items just covered under "old business".

50/50:

Not today

Show and Tell:

We all were anxious to fly, so the meeting ended quickly.

Next Meeting:

Jerry will send out notices.
