

Wolverines meeting 2/1/2016

This meeting was called to order by David Bacon, at 7:04 pm, 10 members were present.

Treasurer's Report:

Glen reported that 7 new members signed up, and there was a \$100 anonymous contribution to our club. So we have \$1219.23, minus most recent expenses leaves \$1097.32
Our budget is \$2060, for the Web Page, Porta John, Lease, Gas, Food, and miscellaneous expenses.

Secretary's Report:

The secretary read the minutes of the last meeting, and both reports were accepted by the members.

General Discussion:

Old Business:

Field:

Steve removed the canopy, and we thank him for this.

There is a report that the tree that fell across the road is still there. Weather has not been favorable for a work party.

New Business:

Club Charter:

AMA Charter was submitted, and Dave Bacon will contact Jerry to see if the AMA sent him the insurance certificate.

New Members:

Some have contacted us about a membership application, which is mentioned in the club constitution, but it is not posted on our website. Dave Bacon got copies from Glen and he will post it.

Emergency Information:

Members said that we should have a binder of these applications, because they have emergency information on them. The Romeo Club, and the Eagles, keep these on hand.

FAA:

The FAA will require registration, due to the quad copter proliferation. We discussed that it must be done by Feb 19th, hopefully all members have this.

50/50:

The 50/50 was \$23, won by Dave W.

Show and Tell:

Glen showed his \$21 Quad, and demonstrated that it is a very stable flyer. It comes capable of video, records on an SD card. He also got 15 batteries for \$6 (is this a typo?) It is a Cheerson CX10c

Next Meeting:

Will be March 7, at the Mt. Clemens Public Library, and Dan volunteered to bring donuts (Thank you).
